

Behavior Management Chart for Children 18 months and above

Acceptable	Inappropriate	Unacceptable
* Assists other children		Physical aggression (hitting, biting, kicking, or hurting other living things) Destruction of property Uses food inappropriately

* Examples

** Observe the child for a week. List behaviors that fit in each category. Only select a few unacceptable behaviors.

** Assess how environment might cause some behaviors and correct.

** Develop behavior management plan. Show enthusiasm for **Acceptable**. Treat **Inappropriate** as you would a 12-month-old child.

Decide what type of discipline to use, and discipline consistently for **Unacceptable**.
