

Dear Accepted Applicant,

Congratulations on your acceptance to the University of Colorado School of Medicine! Your acceptance recognizes all the hard work and achievements in your academic and personal past. We, the Medical Alumni Association, are honored to have you join our elite group of individuals.

From the first days of your medical school career you are entering a different level of demand and professional obligation as a physician in training. Every step of the process is a building block toward the next and has important elements of training and a depth of knowledge expected by patients in their physician. We encourage you to continue and enhance the level of attention and academic achievement that got you here so that your training might be distinguished not only by its length but also by its depth.

During your time at the School of Medicine, the Medical Alumni Association will be here to support you along the way. At your matriculation ceremony you will be given a stethoscope, a gift from the Medical Alumni Association. In addition, we regularly host various events and programs to educate and connect you with alumni. We look forward to being an integral part of helping to shape you into future physicians.

We're proud of our institution, our faculty, and especially of our current and future alumni. We're glad you are here and wish you well. Please feel free to reach out to us anytime! Welcome to the University of Colorado School of Medicine and congratulations again.

Sincerely,

The Medical Alumni Association  
University of Colorado School of Medicine
